

Product Specification Report

V. 1.0

Strong, liquid, acid-type drain for both corrective and preventative maintenance. Contains concentrated sulfuric acid.

THERMA-FLUID

Acid base liquid drain

FEATURES/BENEFITS:

Fast acting	Strong acid works quickly to melt grease and dissolve solids stopping up drain
Versatile	Removes different types of obstructions such as grease, water scale, rust, soap, hair, paper, sanitary napkins, sludge, coffee grounds, and many other organic substances
Two-pronged action	Melts grease and soap due to heat generated, and chemically dissolves all organic matter, rust and scale
Ready-to-use	Convenient liquid form that requires no mixing or time delay prior to using
Non-tip quart	Packaged in unique, non-tip quart bottle especially designed with low center of gravity, for safety in use

APPLICATIONS:

May be used to remove partial blockages and to prevent obstructions in sinks, tubs, showers, floor drains, mop sinks and other drains in hotels, motels, schools, service stations, office buildings, apartments, restaurants, hair salons, department stores, hospitals, nursing homes and anywhere drains are used.

SPECIFICATIONS:

Physical-chemical properties	Value
Form	Liquid
Color	Light red
Odor	Acid
Specific gravity (20°C)	1,84 g/cm ³
Miscibility in water	Soluble
pH (straight)	<1

ACTIVE INGREDIENTS:

- ✓ Sulfuric Acid
- ✓ Corrosion inhibitors

USE:

Product is ready to use. Add 200 cc, slowly into the drain to be treated. Let product act for several minutes and once drain starts to declog, flush copiously with water.

PRECAUTION FOR USE:

Read the instructions carefully before use. Keep your face and body distant from the point of use. The product concentrate is classified as corrosive, we recommend the use of gloves and goggles. For more information see MSDS.

IMPORTANT: product is strongly acid. DO NOT use together with alkaline products.

COMPATIBILITY:

Safe on o-rings.

All information in this document is based on our practical experience and/or laboratory tests. Due to the large spectrum of circumstances for usage and unpredictable human factors, we recommend that you always test our products before final usage. This technical data sheet has perhaps already been revised based on legislation, availability of the individual ingredients or newly acquired information. We can send you upon request the latest valid version, which is at the same time the sole valid version.
